

### Steps for Day 3:

1. Understand the Provided API:
2. Validate and Adjust Your Schema:
3. Data Migration Options:
4. API Integration in Next.js:

## 01. API Integration Process

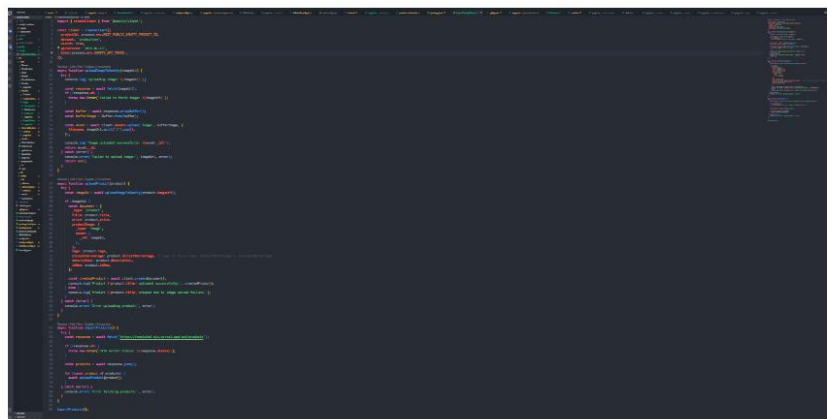

## 2. Adjustments Made to Schemas

## 3. Data Migration Steps

### Migration Process

- Step 1: Fetch data from external API.
- Step 2: Transform the data to match Sanity schema.
- Step 3: Push the data into Sanity CMS.

## Sanity CMS dashboard
